

TILLOTTS PHARMA

Product Name : **ASACOL**

Active Ingredient : **MESALAZINE**

Drug Concentration : **400 mg Pills - 800 mg Pills - 500 mg Suppositories**

Asacol (Mesalazine), also known as mesalamine or 5-aminosalicylic acid (5-ASA) is an aminosalicylate anti-inflammatory drug used to treat inflammatory bowel disease, including ulcerative colitis, or inflamed anus or rectum and to maintain remission in Crohn's disease.

It is sold in an oral form to maintain remission in ulcerative colitis and Crohn's disease and as a rectal suppository[4][6] and an enema for the lower bowel conditions. It is generic and sold under many brand names worldwide, and there are many formulations.[8] In 2016 it was the 240th most prescribed medication in the United States with more than 2 million prescriptions

400mg - 100 Tab

800mg - 60 Tab

500mg - 20 Suppositories
