Amman Pharmaceutical Industries
شركة عمّان للصناعات الدوائية
www.ammanpharma.com

Brief

Amman Pharmaceutical Industries (API) was established in 1989 as one of the first pharmaceutical companies in the MENA region to pioneer the production of niche branded generics in the therapeutic areas of Ophthalmology, ENT (Ear, Nose & Throat) Respiratory, and Dermatology.

After many years of success, API is still focused on its differentiator and proud to be a leader in the MENA region having expanded into 7 production lines producing 140 registered products & complying with the most updated GMP & quality guidelines.

The company exports to more than 27 markets globally across the regions of MENA, Africa, CIS, and the Caribbean and employs more than 200 employees in Jordan and the region

Treatment of high pressure eye

LOPROST Eye Drops Latanoprost
